***Note: “Mystic Topaz” gems are clear quartz coated with a proprietary substance. The coating throws off deep shades of magenta, purple, green, and a myriad of other colors. In my design, I used two fabrics for the “D” color. In the Upper Left and Lower Right quads I used a pink, while using a lavender in the Upper Right and Lower Left quads. I also substituted a variety of bright colors for the single “E” code (i.e., yellow, orange, green, turquoise bright blue). Play with this one and make it a wild beauty!**
